One gentle page a day, about five minutes.

Calm Wings is a 90-day journal for anyone who worries. Each day you check in with your mood, write three good things, name one worry and a more balanced thought, and pick one small step for tomorrow.

- 90 undated daily pages
- SOS toolkit for hard moments: box breathing, 5-4-3-2-1 grounding, a worry tree
- Weekly check-ins and monthly habit trackers
- A butterfly coloring page to end each week

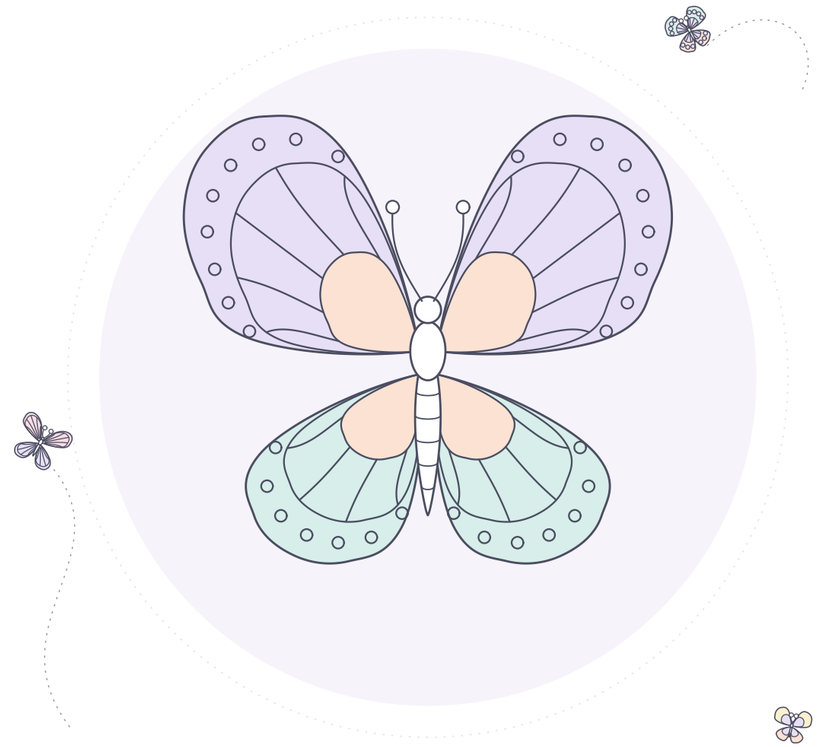

For self-reflection and general wellbeing. It supports, not replaces, care from a licensed professional. In crisis in the US, call or text 988.
